MAP APPENDIX

THE MEAL DEFICIT METRIC PROJECT
Measuring Missing Meals at a Granular Level Across Florida

Commissioned By

March 2020

APPENDIX DESCRIPTION & INDEX

Beginning on the next page, a set of high-resolution maps is presented. There is one map for each of Florida's 67 counties, with the exception of Monroe County. Monroe is surrounded by water and a good portion of water is included in the county boundary; two maps were required for clarity.

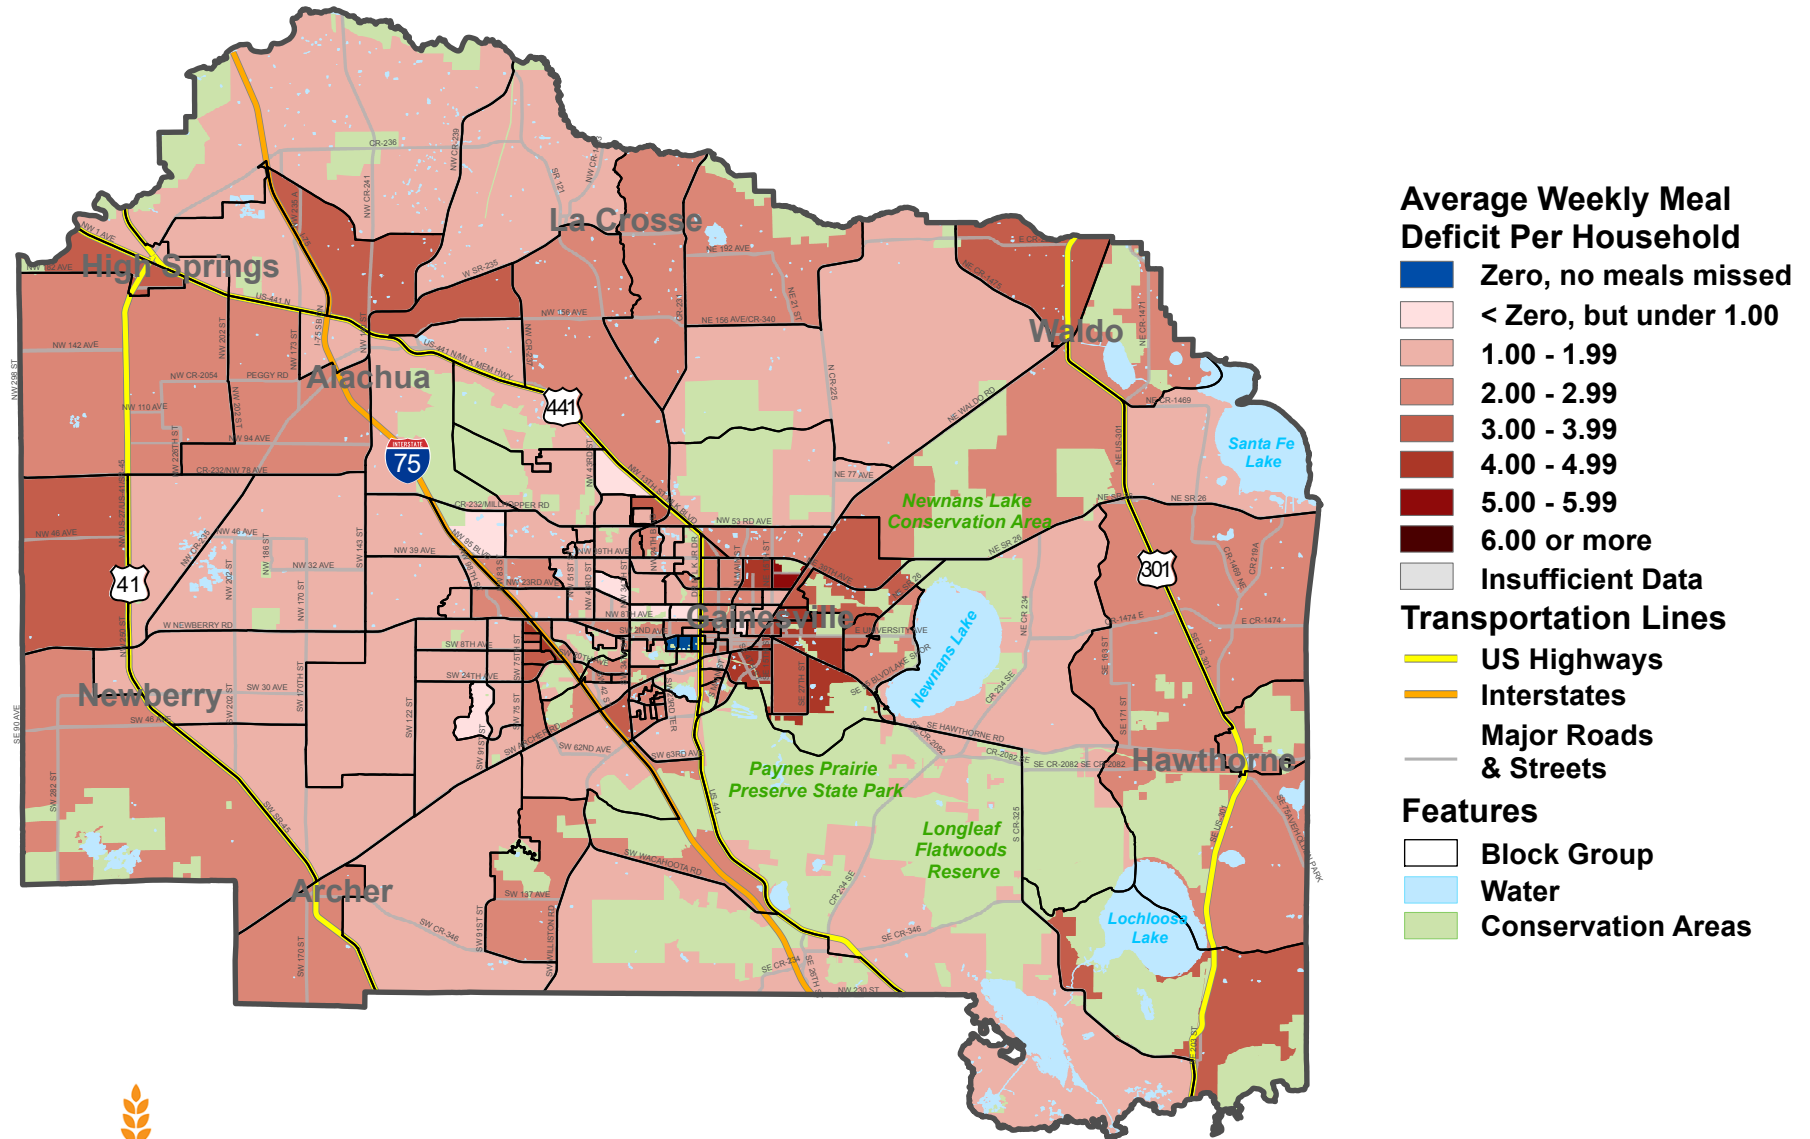

It is best to view maps on a desktop computer
