1. Wrap the cone completely in aluminum foil.
2. Starting at the bottom, stick a toothpick halfway into the cone. Place a strawberry (with the green top) on the toothpick so it's centered.
3. Keep adding strawberries all the way around and up the cone, using smaller berries near the top.
4. Cut out and attach the citrus star to the top of the strawberry tree with another toothpick.
5. Lightly sprinkle the strawberries with powdered sugar.
